MONUMENT TO SOUTHERN CHIEF

Confederate Veterans pay Homage
to Dead Leader.

Unveiling Ceremony Fitting Climax of
Confederate Reunion at Richmond.
Honor to the First and Only
President of Confederacy.

Under a perfect sky, with bands
playing old time Southern airs, the
remnant of the army of the Con-
federacy marched through the
streets of Richmond, Va., on Mon-
day afternoon, June 3, to Monu-
ment avenue and there, with ap-
propriate ceremonies, unveiled the
splendid monument which has
been erected by the women of the
South to the memory of Jefferson
Davis, the first and only president
of the Confederacy.

The orator of the day was Gen.
Clement A. Evans, who spoke elo-
quently of the life and character of
President Davis, whom he showed
to be, not only of high lineage,
but the son of Revolutionary her-
oes. His services to the Union
in Indian campaigns, which first
won him fame, and also his bril-
liant services under Gen. Taylor in
the Mexican war at Monterey and
Buena Vista, and later as a states-
man in the United States senate,
were pointed out, and also his es-
pousal of the cause of his South-
land and eminent services to the
Confederacy, in behalf of what he
deemed always the right.

A CALL TO TEXAS NURSERYMEN.

State Inspector Needs Their Hearty Co-
operation to Conduct Business
of His Office.

Mr. Sam H. Dixon, the new
state inspector of nurseries for
Texas, asks that we announce that
the applications for inspection of
nurseries made thus far are few
and that if prompt service is want-
ed it will be necessary to notify
him at an early date of the inspec-
tion desired. He says: "I desire
the co-operation of all concerned,
especially of nurserymen, and it
will be my aim to conduct the of-
fice of state inspector on as eco-
nomical a basis as the conditions
will justify." He promises his
co-operation with the state com-
missioner of agriculture, R. T.
Milner, in securing courteous and
efficient inspectors in this import-
ant work.

Texas nurserymen have com-
plained in some instances against
the cost of this inspection service,
and in other cases against the de-
lays experienced in having in-
spections made when called for.
The two complaints arise from the
same cause. Unless the state in-
spector has early notice of the
number of nurseries to be inspec-
ted he can not employ sub-inspec-
tors who can reach the points want-
ed promptly and at reasonable cost.
It was the purpose and plan of the
former inspector, Prof. Orr, to
"string the inspection work out by
districts," so that the total cost of
inspecting a given section would
fall evenly on all concerned. Early
applications on the part of all nur-
series conduce to prompt and cheap
service.—Farm and Ranch.

Townsite of Robstown Sold.

THE HERALD learns that the
townsite of Robstown and 10,000
acres of land adjoining have been
sold by Robert Driscoll to Iowa
parties, who will colonize the land
with northern farmers and develop
the town.

REV. L. PITOYE PASSES AWAY

Old and Well Known Priest of Oblate
Order, a Faithful Worker in this
Field for Many Years.

Rev. Louis Pitoye, O. M. I.,
passed into rest, at the residence of
the Oblate Fathers in this city,
June 4, at 8:15 p. m. The death of
the reverend father came as a mer-
ciful ending to prolonged suffering
from an incurable illness, and
brought a well earned repose to one
who had for many years been a
faithful servant of the Lord.

Rev. Louis Pitoye was born May
1846 at Le Creuzot, Department of
the Loire, France. He was ordain-
ed for the priesthood at the Theo-
logical Seminary of Austin in 1873.
The same year he crossed the At-
lantic for this far-away clime and
came to Brownsville to devote his
life to the missionary work which
had been inaugurated on the lower
Rio Grande a good many years be-
fore by pioneer priests of the same
order. He remained at Brownsville
for a number of years at that time
assisting the late Father Parisot in
parish duties, and also teaching for
several years at St. Joseph's Col-
lege, then a flourishing institution
conducted by the Oblate priests. In
1884, he was sent to Rio Grande
City, where he stayed ten years,
when his health began to fail and
he was sent to El Soto in Spain,
near Santander, for three years.
On returning to this country, he
was given charge of the parish at
Eagle Pass, Texas.

In 1900, Father Pitoye was ap-
pointed superior of the Oblate Com-
munity at Brownsville, succeeding
the late Rev. L. Maurel, his return
being gladly welcomed by his
former parishioners and pupils. He
remained here until June last year,
when he was appointed to a charge
at Mexico City. He left in apparent
good health, but was taken serious-
ly ill some months later, and, on
learning that his case was incur-
able, he requested to be allowed to
return to Brownsville to die. After
months of suffering, surrounded by
the kind and thoughtful attentions
of his co-workers as well as of his
former parishioners, the end came
peacefully last night.

Father Pitoye is survived by his
aged mother, now past ninety years
of age, still living in France, and
also one brother. Two years ago,
his younger brother died in France.

To many who knew him only as
a devout and lovable priest, it may
be surprising to learn of his schol-
arly attainments, especially in
science. He was a learned numis-
matist and geologist. During his
stay in Mexico, he was made a
member of the National Geological
Society of Mexico, and received
personal honors at the hands of
President Diaz in recognition of
his merit along these lines. He at-
tended the international meeting
of this society while in Mexico.

The death of Father Pitoye comes
as a personal loss to all who have
known him throughout his long
service on this frontier. Perhaps
none, however, feel it so deeply as
Brother Peter Roudet, who has
been especially devoted in his at-
tentions to his old friend during
his long illness. Much sympathy
is felt for Brother Peter in his deep
grief at the parting.

Among the many good qualities
that have endeared Father Pitoye
to his people his unfailing patience
and gentleness towards the poor
and sick, and, even more, towards
sinners, will be remembered as long
as his memory shall live. Catholics,
wherever he worked among them,
feel that they owe him a great debt.
He was zealous in behalf of his
religion and his chief spiritual
trait was his devotion to the Bless-
ed Sacrament. His early home was
at Paray in the diocese of Autun,
which is the centre of the Catholic
devotion to the Sacred Heart of
Jesus, and rivals Lourdes and
Rome as a place of pilgrimage for

Little drops of water,
Little grains of sand,
Make the farmer wealthy—
On the Rio Grande.

San Benito Land & Water Co.

A GOING CONCERN.

Eleven Miles of Canal completed.

Any quantity of Land you want from a Town Lot

ADDRESS:

A. B., DAILY HERALD,
Brownsville, Texas.

religious devotees from all over the
world. Thus from his boyhood, he
was imbued with this zeal which
marked his entire career and made
his whole life one of devotion to
the holy cause of the Sacred Heart.

A solemn high mass of requiem
for the repose of the soul of the
departed priest was held at the
Pro-Cathedral this morning, at ten
o'clock, and the body lay in state
throughout the day in the church.
At five o'clock this afternoon, the
interment took place in the vault
in the church yard, with solemn
funeral rites by the church which
he had served so long and so well.

The path of the just is as the
shining light, that shineth more
and more unto the perfect day.—
Proverbs of Solomon.

Brownsville Postoffice

Advanced to 2nd Class.

The growing importance of
Brownsville as a business center
has been recognized by the postal
department, which has just advanc-
ed this postoffice from the third to
the second class, the change be-
coming effective with the close of
the present fiscal year June 30.

This will involve an increase of
\$100 in the salary of the postmas-
ter and allowance for clerks' salary
also.

This is quite an important ad-
vance for Brownsville, and both
Postmaster Sharpe and the patrons
of the office are to be congratulat-
ed.

EXAMINATION OF TRAVELERS' TRUNKS

Coming from Mexico Will Be More
Rigid Hereafter. Same as at
New York.

It will probably not be so easy
hereafter as it has been in the past
for tourists returning from Mexico
to conceal quantities of handsome
drawn work or other articles in
their baggage, if the following
item from Mexico City be correct:

In railway circles here today it
was announced that the United
States customs officials had decided
to make an examination of baggage
crossing the Mexican border into
the United States much more rigid
than heretofore.

According to railway officials the
United States Customs Department
has been very lenient in these ex-
aminations, the working rule being
that 10 per cent of the trunks
should be thoroughly searched for
dutiable articles and a cursory ex-
amination made of the rest. Under
the new order the stringent exami-
nations practiced in New York and
other large ports will be put in ef-
fect at border points.

Boost Texas Always.

If you live in Texas, bear this
fact in mind, that anything and
everything which helps to develop
the state is indirectly helping you.
The benefit may be remote, but it
is there just the same. Boost
Texas.—Denison Herald.
